2. Problem Section ("The Old Way of Gaming is Obsolete")

[Visual Suggestion: Use an icon for each problem point]

Section Title:

Why is the Current Gaming Industry Working Against You?

- **False Ownership:** You pay for in-game items, but you never truly own them. Account gets banned? Your items are gone.
- **Closed Economies:** Your digital assets are locked within a single game, holding no real-world value.
- **Authoritarian Developers:** All decisions are made unilaterally without listening to the voices of the loyal player community.

3. Solution Section ("Welcome to the New Era of Gaming")

[Visual Suggestion: Use icons or illustrations that showcase solutions and benefits]

Section Title:

Digethra: The Solution for True Gamers

- **100% Asset Ownership:** With NFT technology, every item you acquire is entirely yours. Trade it freely on our marketplace.
- **Play-to-Earn (P2E) Model:** Don't just play, earn! Get \$DTH tokens and rare NFTs simply by playing your favorite games.
- **Community Governance (DAO):** Your voice matters. \$DTH token holders have the right to vote on the future of the Digethra ecosystem.
- **Investor Security Guarantee:** We believe in this project, and we want you to believe in it too. We provide a **buyback guarantee at \$0.005 USDT** to protect your initial investment.
